Wednesday, Nov. 15, 2023	WORSHIP GATHERING	10
Thursday, Nov. 16, 2023	God on Tap RELATIONSHIPS	17

## Comments

These young men and women are full of fun and eagerness to learn. Our God on Tap sessions are extremely interactive! The after God on Tap -Tim Horton sessions are also high energy and socially welcoming to new students.

The 1:1 life coaching sessions with this group are noticeably increasing, which means the members have become comfortable and trusting of their chaplain. I have learned that many in this group carry some deep pain which informs me as to what to teach and how to be their pastor. I am observing their lives realigned towards Jesus and their walk with Him maturing.

Recently they asked me to facilitate the formation of worship nights and a praise and worship team. Our first gathering brought together four guitar players and a group of vocalists, some of which may have been on key.

It is a true delight to invest in these young men and women, and to see them become rooted and grounded in the love of God!
